

Catarrh of the Stomach

A Most Dangerous Disease, Which Causes Serious Results Unless Properly Treated.

Catarrh of the Stomach is very common and is known as one of the most obstinate diseases, which, when neglected, or improperly treated with cheap patent medicines, tonics, drugs, pills, and other secret quack remedies results in a broken down constitution and often consumption and death.

Catarrh of the Stomach, like every other disease of the stomach, except cancer, is the result of poor digestion. The digestive organs have become weak, there is a lack of gastric juice, your food is only half digested, and as a result you become affected with loss of appetite, pressure and fullness after eating, heartburn, vomiting, water-brash, tenderness at pit of stomach, slimy tongue, bad taste in the mouth, constipation, pain in limbs and face, sleeplessness, nausea, belching of gas, diarrhoea, sick headaches, dizziness, mental depression, nervous weakness, and many other common symptoms.

If your stomach cannot digest the food you eat, then the stomach needs a rest, as that is the only way you can get rid of your catarrh, but in the meantime your body needs plenty of nourishment because you must live and in order to live you must eat, and if you must eat, your food must be properly digested, and if your stomach is too weak to do the work, then you must get a substitute that will do the work.

Stuart's Dyspepsia Tablets are the only known substitute that will digest your food as well as any healthy stomach. They contain vegetable and fruit essences, ascorbic acid, pepsin (gov. test.), gelatin, seal and diastase, the very elements necessary to digest all foods.

Stuart's Dyspepsia Tablets are not a secret remedy, and for very reason thousands of physicians all over the United States recommend them to their patients for catarrh of the stomach, dyspepsia of all kinds, and other stomach troubles. Experiments and tests have proven that one grain of the active principle contained in these tablets will digest 3,000 grains of food.

Stuart's Dyspepsia Tablets are in the form of pleasant tasting tablets or lozenges and are sold in large fifty-cent boxes at all drug stores.

Send in your name and address and we will send you a free sample package. The relief you will get from this trial package alone will convince you of the merits of Stuart's Dyspepsia Tablets. Address F. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.

Firemen Vote on Strike Proposition.

Peoria, Ill., Nov. 8.—A poll of the firemen and engineers on the Missouri Pacific railroad who are members of the Brotherhood of Locomotive Firemen held Thursday on a proposition to strike. The controversy is over the right of the firemen's union to exercise jurisdiction over engineers who are members of the brotherhood. A vote to strike will be followed by a general walkout on all the Great Lakes, including the Missouri Pacific, Texas Pacific, International & Great Northern, Wabash, Wheeling & Lake Erie, Pittsburg Terminal and Denver & Rio Grande, aggregating 14,000 miles of track.

A Russian Grafters' Sentence.

St. Petersburg, Nov. 8.—M. Gurko, vice minister of the interior, who was implicated in the great grain scandal during the famine relief operations of 1906, and who was placed on trial before the senate as a high court of justice, has been found guilty of malfeasance, sentenced to disqualification from office and ordered to make restitution to the amount of over \$250,000. Through an illegal contract Gurko made a deal with an irresponsible individual to supply all the grain to the famine stricken province and advanced him \$400,000 without security.

Nichols Is Acquitted.

Pittsburg, Nov. 8.—Forrest R. Nichols, former secretary of W. H. Andrews, territorial delegate to congress from New Mexico, was found not guilty in the United States district court Thursday of the charge of aiding Cashier Lee Clark, who suicided, in wrecking the Enterprise national bank, of Allegheny, about two years ago.

Safe Blowers Escaped with \$5,500.

Canova, S. D., Nov. 8.—Seven armed bandits early Thursday blew up the safe in the Inter-State bank, secured \$5,500 and escaped. The occupants of a hotel across the street were aroused by the explosion, but the robbers opened fire and drove them back. The hotel was riddled with bullets.

TO FIGHT PAPER MAKERS' TRUST

ROOSEVELT WILL ASK CONGRESS TO ABOLISH A TARIFF.

THE INQUITOUS METHODS

Of the Combination that Controls the Manufacture of Print Paper in This Country are Told in Detail.

Washington, Nov. 8.—President Roosevelt on Thursday indicated to members of the American Newspaper Publishers' association that he will recommend to congress the abolition of the tariff on press paper, wood pulp and the wood that goes into the manufacture of paper; also that he will recommend to the department of justice that it take immediate steps to ascertain whether the anti-trust laws are being disobeyed by the manufacturers of paper.

The president was told that the present plan of increasing the price of paper had its inception 12 years ago in a proposition to unite the paper mills into one pool or corporation. The first step in the program was accomplished when the promoters induced congress to fix a tariff duty of \$6 a ton on news print paper. It is this tariff which the president has promised to urge congress to repeal. The next step, which encountered many delays, has just been consummated by the creation of a combination to exhaust the surplus stock of paper, to cause a paper famine and to raise prices.

The president was further informed that, after the disbanding, by order of the court, of the General Paper Co., meetings of eastern and western manufacturers were held to stimulate prices and to limit the contract period. A conference of eastern manufacturers was held in New York during the first week of September last, when the last advance in prices was decided upon. Since that time manufacturers who had previously solicited the business of various newspapers have withdrawn all quotations. Publishers who apply for quotations realize that in some way their supply has been predetermined and the price they are to pay also arranged for them.

In each case the publisher finds that all bids but one are at a prohibitory price. He also finds that he has no remedy against the supply of inferior paper. Publishers who make inquiry of one mill find that the others have been advised of that inquiry. New selling agencies, representing an aggregation of previously independent mills, have merged the output of those mills. The source of supply of numerous newspapers has been arbitrarily diverted from one mill to another without the consent of the publisher.

Jobbers who apply to selling agents or to mills for quotations are forced to disclose the name of the customer and the purpose for which the paper is to be used. When this disclosure is made jobbers find that satisfactory quotations can be obtained from but one mill in the country. Mill men and paper salesmen have admitted that an agreed scale had been adopted.

It was represented that Canadian mills can do pay the \$6 per ton duty and still find it profitable to sell in the United States. At the same time the American mills are selling abroad in competition with Canada, Great Britain, Germany and Norway. It was stated to the president that the paper makers operating fairly equipped mills have made large profits during the past ten years at prices averaging less than \$40 a ton and that a selling price of between \$55 and \$60 per ton, as now proposed, would mean a daily tribute of \$45,000 paid by the paper consumers to the alleged combination.

Even if obtainable in government records, it is claimed, that paper mills in the United States and Canada are making paper at a cost of less than \$25 per ton. Much mystification had been attempted. It was assured, to show that the cost of labor had greatly increased, but this was refuted by the statement that the entire cost of labor in the manufacture of a ton of paper amounted to less than \$2.40. Not one-twentieth of the advance in news print paper, it was stated, would go to labor.

The lack of progressive methods of manufacture by the International Paper Co., which furnishes the bulk of the paper and fixes the price in the eastern market, was pointed out. The export of 60,000 tons of print paper during the past season, and the claim of the manufacturers that the domestic stock is practically exhausted, coupled with the shutting down of the mills on various pretexts, leads the publishers to the belief that an attempt is being made to create a paper famine. Many newspaper proprietors, it is claimed, are unable to obtain any quotations for paper for next year and do not know where to obtain a supply. The president was told that all the history of crimes charged against combinations and trusts such a situation is unprecedented.

Explosion Killed Ten Men.

Douglas, Ariz., Nov. 8.—A confirmed story has been received here of a terrific powder explosion near Necozari, Ariz., Thursday, when ten men, probably Mexicans, were killed. The explosion occurred on the narrow gauge railroad between Necozari and the mines near Bisbee. The powder was in two cars. The men killed were employees of the Montezuma Copper Co.

The Vote in Frisco.

San Francisco, Nov. 8.—The count of the votes cast in the city and county election was completed Thursday. It shows that of the 57,201 ballots cast for mayor, Dr. Edward B. SANTA FE COMPANY IS ORDERED PUNISHED FOR REBATING.

AN INTERMEDIATE PENALTY

Is Imposed by Judge Wilborn, of the United States District Court at Los Angeles—Judgment Is Stayed for 30 Days.

Los Angeles, Nov. 8.—Judge Olin Wilborn in the United States district court Thursday fined the Atchafalaya, Topeka & Santa Fe Railroad Co. \$330,000 for rebating. The fine was what the court denominated "an intermediate penalty," the maximum which might have been assessed being \$1,320,000 and the minimum \$66,000. The court reviewed the case in a written opinion in which it was stated there were sufficient extenuating circumstances to preclude the possibility of a maximum sentence, and yet sufficient intention of wrongdoing shown to make impossible a minimum penalty.

The Santa Fe company was convicted on October 11 by a jury in the federal court of granting rebates to the Grand Canyon Lime and Cement Co., of Arizona. It was found guilty of all the \$6 cents charged in the indictment after one hour's deliberation. The rebates, which were given on shipments of lime and cement from Nelson, Ariz., to Los Angeles, ranged in amount from 35 cents to \$15. The company claimed that these amounts were not rebates on the regular freight rate, but were in the form of damages to goods, which were allowed after such claims had been regularly presented and proved in each instance. The court did not take that view of the case, however, and stated that it "was not convinced by any means that these amounts represented bona fide settlements of claims."

"It is hard to believe," the court continued, "that the agents of the corporation did not know they were violating the law. In any event such ignorance of the law is almost equivalent to a criminal knowledge of it."

Immediately after the fine was announced W. E. Camp, solicitor for the company, moved a stay of judgment, needed to prepare a bill of exceptions. Judge Wilborn fixed the stay at 30 days, with the privilege of an extension if a sufficient showing should be made at that time.

Judge Wilborn is 64 years old and a democrat. He is a native of Georgia and a Confederate veteran. He was a member of the Sixty-sixth Georgia cavalry and was wounded at the battle of Chickamauga. He surrendered with the command of Gen. Joseph Wheeler, having reached the grade of brevet colonel. He came to California in 1887 and was appointed to the federal bench by President Cleveland in 1895. He served in congress from the Dallas, Texas, district in the Forty-sixth, Forty-seventh, Forty-eighth and Forty-ninth congresses.

Fire Caused Panic.

Pittsburg, Nov. 8.—Fire in the three-story building occupied by the Keystone Stable and Storage Co. on Seventh avenue, last night, started a panic that spread to surrounding blocks. Two hundred horses were quartered in the building and they started a stampede. All but six were finally removed. Firemen and others working among the frantic animals had several narrow escapes. Nearby buildings are densely populated tenements occupied by foreigners. These were thrown into a panic and carried their belongings into the streets, through which they ran in wildest excitement. Loss \$15,000.

CHRONICLES OF A DAY IN OHIO

Death Robbed Man of Alimony.

Cleveland, Nov. 8.—Death robbed William A. McIntire of alimony given him by the courts in his suit against his wife. Just before McIntire, former clerk in the claim department of the Lake Shore railroad, was to win a decision by the circuit court, confirming the decision in his favor in the lower court, he died at his home here Wednesday night. Rumor has it that his wife was with him when he died.

Alleged Stamp Thieves are Arrested.

Mansfield, O., Nov. 8.—Don B. Wilborn, of Ashland, was arrested Thursday for endeavoring to dispose of \$38 worth of stamps at the local postoffice. A woman, Carrie Hunt, who came here with Wilborn from Ashland, was also detained. Fred Coss, of Ashland, was also arrested in connection with the case. It is alleged that Coss stole stamps from an Ashland manufacturing concern.

Date Set for Mrs. Phillips' Hearing.

Cleveland, Nov. 8.—Mrs. Charlotte Phillips, barring further nervous collapse and similar delays, will appear for preliminary hearing next Monday before Justice William Brown on the charge of murdering her husband, John J. Phillips, on the night of September 1. Judge Neff, her attorney, announced Thursday that Mrs. Phillips was in physical condition to stand trial.

Duty Will Not Resign.

Columbus, O., Nov. 8.—E. W. Doty, clerk of the house of representatives, who came from Cleveland Thursday, stated that there was no ground for the rumor that, having taken a position of secretary of a banking company in Cleveland, he would be unable to perform the duties of clerk and would tender his resignation.

Ticket Office was Robbed.

Upper Sandusky, O., Nov. 8.—William Ropp, agent of the Ft. Wayne & Hocking Valley road here, was kidnapped Thursday by robbers while asleep in his office. The safe was ransacked and \$100 and 500 railroad tickets taken by the thieves, who escaped along the railroad track.

Herrick Talks on Currency Reform.

Canton, O., Nov. 8.—The main speaker before the session of group eight of the Ohio Bankers' association held here Thursday was Myron T. Herrick, ex-president of the National Bankers' association, whose topic was "Currency Reform." Mr. Herrick, although he believes the financial flurry is about over, calls on congress to come to the speedy relief of the bankers of this land by making a more elastic currency. After reviewing the wonderful increase of the average of commercial prices since 1897, which he declared was 30 per cent., Mr. Herrick inquired whether the high water mark had not been reached.

Harris to Make Important Changes.

Columbus, O., Nov. 8.—Announcement is made on apparently excellent authority that Gov. Harris has determined on a number of important changes in heads of departments, among them being Arthur Vorys, superintendent of insurance. Mr. Vorys is manager of Taft's campaign, but it is said there are no politics in the determination of the governor to make changes. Factory Inspector John H. Morgan is also scheduled to go and also Examiner of Engineers W. D. Kennedy and Messrs. Dodge and Worthington, of the board of pardons.

Receiver Appointed.

Dayton, O., Nov. 8.—The Kaufman Busby Co., of Miamisburg, went into the hands of a receiver last evening on the application of James A. Kaufman, its secretary and heaviest stockholder and creditor. Col. T. J. Kaufman, county auditor and president of the company, was appointed receiver. The assets are estimated at \$150,000 and the liabilities at \$95,000. Inability to negotiate loans on customers' notes is blamed for the action.

Mayor was Elected by 12 Plurality.

Lima, O., Nov. 8.—Official figures give Becker, democrat, a majority over McComb, republican, of 12 votes as mayor of the city. The board of public service is also republican, Harps winning over Flisk by three votes.

Woman Killed by a Fall.

Louisville, O., Nov. 8.—Miss Jennie Pilot, 41 years old, was killed Thursday at the Schilling building. Miss Pilot was taking a nap on a balcony 15 feet from the ground. The railing broke and the woman fell to the ground.
